

This is a checklist of all required materials necessary for a completed admissions application to the University of Pikeville-Kentucky College of Optometry (KYCO). Based on the submitted application and information, applicants will be invited for an on-site interview. All application materials must be received by the Kentucky College of Optometry by the _____ deadline. Admission to the Kentucky College of Optometry is determined on a rolling basis. Early application is highly recommended.

Students applying to any school or college of optometry must utilize the Optometry Centralized Application Service, known as _____ . This service is designed to streamline your application process and can be found at: <http://www.optomcas.org/>.

(also submitted through OptomCAS)

Submit all transcripts from undergraduate, post-baccalaureate and graduate programs attended through OptomCAS.

Tip: Request transcripts to be sent to OptomCAS early in the application process to ensure they are received prior to the application deadline.

(also submitted through OptomCAS)

Although OptomCAS allows up to four letters of recommendation to be entered into the online application, KYCO requires and will only review two letters of recommendation.
